

Nancy Koutris, ASPSCUF’s director of membership services, asked PASSHE to provide a listing of the dates when the annual flu shot would be administered at each campus.

Below is the list that was just forwarded to Ms. Koutris yesterday. There are still two campuses that have not responded, but Ms. Koutris felt that it was important that APSCUF members know when their respective “flu clinics” were being held. Note that Cheyney has already had a one-day clinic, and Clarion is having the last of three days today.

What the PASSHE didn’t provide was the times and locations on each campus. APSCUF members are advised to contact Human Resources or whoever is in charge to find out that key information.

As soon as Ms. Koutris receives the information for California and Edinboro, that information will be provided to the respective APSCUF offices.

Today (Oct. 15), PASSHE notified APSCUF that some dates may be changing and some campuses could be short on vaccine.

If you have questions, please call Nancy Koutris at 800-932-0587, ext. 3021.

Campus Flu Shot Clinics 2009

Bloomsburg	November 16
California	
Cheyney	October 13
Clarion	October 13, 14, 15
