During the 2000/2001 academic year, APSCUF-KU agrees not to raise objections to the implementation of the student course withdrawal policy approved by the Kutztown University Senate on April 6, 2000. This agreement is subject to the following conditions.

1. This agreement does not set precedent.
2. Management agrees to evaluate the effects of the policy and discuss these effects with APSCUF by June 30, 2001.
3. As part of the evaluation, Management will provide information on the patterns and timing of student withdrawals from courses. This will include information on course withdrawal trends over time for the previous three academic years by number of withdrawals per week of the semester. The information will also include the numbers of WFs and WPs assigned by faculty members.
4. Management agrees with APSCUF that the correct governance process of the University was not followed in the adoption of this withdrawal policy.
