

APSCUF-KU
Membership Committee
Building Captains
2009-2010

Purpose

Generally, the intent behind being a building captain is to provide assistance to the rank-and-file members of APSCUF-KU and serve as a conduit for information from the membership to the local leadership.

By definition, building captains are responsible for departments grouped within their specific locations. In this capacity, they can assist APSCUF-KU department representatives with their workload and coordinate activity. It is often the case that departments share similar problems (e.g., IT, sick buildings) but are not aware of shared need. Building captains are intended to bridge this gap.

Responsibilities

Beekey	Dina Hayduk
Boehm	Mike Gambone
Graduate Center	Mahfuzul Khondaker
Keystone	John Raffin
Learning Center	Vivian Davis-Martinez
