

**SLIPPERY ROCK UNIVERSITY
PEER SUPERVISOR OBSERVATION REPORT**

Observation of _____ Department _____

By _____ Site of Observation _____

Date of Pre-Visit Conference _____ Date of Visit _____

Comment briefly on each of the following items:

1. Describe the supervisor's style of reporting at the school building, greeting the participants, and setting the scene for a meaningful observation.
2. Describe the rapport of the supervisor with the cooperating teacher. Were greetings and information exchanged?
3. Was a visitation form provided to the student teacher that recorded the observation? Were there observable attempts to provide pre- and post conferences? Was the observation systematic; purposeful?
4. Describe the relationship of the supervisor with the student teacher regarding program requirements and checks to see if they are in place. Does the student teacher seem to understand supervisor's expectations? Does the student teacher provide evidence of preparation? Does the student have the opportunity to comment and question? Does the supervisor maintain focus on the teaching behavior of the student, as opposed to allowing negative conditions to be the focal point?
5. Does the supervisor display the professional demeanor expected of Slippery Rock University supervisors?
6. Does the supervisor maintain an effective system of record keeping for assigned student teachers?
7. Do you have suggestions or special techniques that you employ that your colleague might consider?
